**This course presents valuable information and updates for
emergency physicians, billing and coding professionals,
and group managers.**

Straight Talk XXVI – Tracks

Professional Coding Tracks

Participants will have the opportunity to review the appropriate use of CPT and ICD-10 codes for professional services provided in the emergency department.

Physician/Administrative Track:

Participants will:

- Review documentation requirements for various emergency services.:
- Learn about how upcoming Healthcare Reform, the ACA and payment reforms will impact your practice.:
- Review opportunities for groups to better address the payor audit and compliance challenges.:
- Be given tools to better assess their group's billing and collection performance

This course offers information updates for emergency physicians and for billing/coding professionals and group managers.

Lunch offers unstructured time to interact with peers and to share information about the dynamic reimbursement environment.
