**Co-Course Director: Julie Parks Bortel, MD, FACEP**  
**Co-Course Director: Therese Mead, DO, FACEP**

The EMRAM Inservice Review course is an annual preparatory course designed for residents to review core topics in Emergency Medicine prior to the inservice exam. The course has been designed as a three-part series....residents are encouraged to attend each of the three years in order to take full advantage of this unique and outstanding opportunity. This year's topics are listed above.

The format is designed to address scenario-based questions similar to the inservice and board format of "the next most appropriate action" type question. Speakers are selected for their areas of expertise and teaching ability.

Annual feedback for this review course has been outstanding. Both Allopathic and Osteopathic residents will benefit from attending this review. Talk to your program about participating today...registration is limited.

The registration fee is only \$50 and includes breakfast and lunch both days. Registration will begin at 7:30 am each day, with breakfast.

**Pre-registration is strongly encouraged. On-site registrants may not receive syllabus material until after the program.**

Register online at [www.mcep.org](http://www.mcep.org) or use the registration form included in this brochure.
